

About the Department

The department of Mechanical Engineering was established during the year 2009, and offers both UG and PG Programmes. It has good infrastructural facilities for learning and acquiring practical knowledge, in various fields, which include Manufacturing Technology, Kinematics & Dynamics, Metrology & Measurements, CAD/CAM and CNC. The Department Laboratories are equipped with the latest machineries and equipments and latest computer soft wares and has well qualified and dedicated faculty members in various specialized areas of Mechanical Engineering.

VISION

To impart world class engineering knowledge to bring out ethical mechanical engineering graduates ready for industries or pursue higher studies.

MISSION

- To give quality education to enhance the skill needed for industry and institutions for higher studies.
- To have state of art laboratory facilities.
- To interact with industry and other institutions.
- To provide an environment to develop Ethical values and lifelong learning.

About the College

JCT College of Engineering and Technology was started in the year 2009 and run by Shri Jagannath Educational Health and Charitable Trust, under the able guidance and patronage of Thiru.S.A.Subramanian, Chairman and Shri.R.Durga Shankar, Secretary. The college has a congenial and well-developed campus located at Pichanur at the foothills of the Western Ghats in a serene, eco friendly lush green environment. The college has developed excellent facilities and resources such as spacious classrooms, seminar halls, well-equipped laboratories, workshops, well-stocked libraries, dedicated high speed broadband Internet connectivity and well-qualified faculty. The institution strives hard to produce high caliber socially responsible Engineers. The institute offers nine UG and four PG programmes in Engineering & Technology.

VISION

- To emerge as a Premier Institute for developing Industry-ready engineers with competency, initiatives and character to meet the challenges in global environment.

MISSION

- To impart state-of-the art engineering and professional education through strong theoretical basics and hands on training to students in their choice of field.
 - To serve our students by teaching them leadership, entrepreneurship, teamwork, values, quality, ethics and respect for others.
 - To provide an opportunity for long-term interaction with academia and industry.
 - To create new knowledge through innovation and research in engineering.

FACULTY DEVELOPMENT PROGRAMME

On

“ME6401- Kinematics of Machinery”

29th Nov 2017

Organized by
