An 'alumnus' is 'the nurtured,' one who was loved, cherished and held in high regard and affection. This term 'alumnus' is therefore exactly descriptive of our feeling for our old students here at. Every student who passes through JCT will surely realize his / her dreams and make a positive impact on the community in particular and the world in general.

An alumnus is also an asset to this institution in the sense that he/she gives something back to enrich the institution in terms of experiences shared or expertise volunteered, he or she also is an ambassador of the college who disseminates the values and ideals this college stands for and propagates these values over generations by being a model to the young.

JCT believes in Lifelong learning and this alumni initiative should promote many qualities such as sharing and caring, constant and periodic communication, and assistance to the JCT all over the globe as required.

Students who graduate from JCT could greatly contribute to the welfare of the JCT through constant communication and periodic update of the work done by the alumni. School will be privileged to know the progress of all the students after leaving JCT and this portal will be a great platform to share ideas as well as learn about the progress made by other alumni.

Connecting to one's alma mater is always a great feeling and the college shares this sentiment and is elated when it gets to know about the various achievements of its former students after leaving college.

Welcome to our Alumni website to become a member of this group. We look forward to your contribution to make this website a great success.
