S. NO	NAME OF THE TOPIC	SKILLS FOCUSED	(DESCRIPTION)
1.	Slow down	Communication Skills	Take your time, and try to slow down your speaking speed. Don't expect to be able to speak as quickly in a foreign language as you can in your mother tongue.
2.	Learn sentences instead of words	Communication Skills	Learn a new word in English, take a couple of minutes to memorise some sentences that contain it. In the long run, this will go far in helping you with conversation and communication
3.	Listen to others	Communication Skills	Listening to native English speakers can help you to improve your own communication skills; you'll pick up on body language, intonation, and accents.
4.	Ask questions	Communication Skills	Asking questions is the best way to keep a conversation going, and it will help you out too by making sure you're not the one that has to do all the talking.
5.	Body language	Communication Skills	Eye contact is also a big giveaway; making and maintaining eye contact is a big indicator of confidence. Think about the signals your body is giving off
