## PREAMBLE

Whereas, INSTITUTE OF CHEME DESIGN AND DEVELOPMENT, Coimbatore specializes in providing Petrochemical and Petroleum engineering design courses in an efficient and economical perspective.

The youth of today are very keen to build stable and prosperous careers for themselves. ICDD helps them as each course is framed in such a way that trainees can easily get into the field of working with handful of technical knowledge and industrial exposure.

Institute of ChemE Design and Development (ICDD) instructors are from various process industries and equipment designing with multiple years of experience in handling various off-shore and on-shore projects. ICDD also have experienced college tutors to provide technical guidance.

ICDD also provide free webinars from engineers who currently expertise with process and production departments to take the course up to its depth.

Being a student concern organization, ICDD offers a complete package of consultation, training and implementation, mock interviews and placement guidance starting from the application packages till student receives their certifications. Facilities of e-training classes are also available.

## ARTICLE-I: OBJECTIVES / PURPOSE OF THIS MOU

- i. To help in improving the Chemical, Petrochemical and Petroleum Engineering students in the emerging Chemical Engineering design field.
- ii. To bridge the gap between college education and industrial exposure.
- iii. To facilitate knowledge transfer.
- iv. To provide In-Plant training and Project support for the students.
- v. To assist the college in placement training activities related to our field.

## ARTICLE-II: COMMITMENT OF INSTITUTE OF CHEME DESIGN AND DEVELOPMENT

- i. To supply training services and consultation to the college students.
- ii. To depute ICDD design experts for providing **Guest Lecture / Seminar** once in six months to Petrochemical and Petroleum Engineering students to enlighten them on the field of Petrochemical and Petroleum Engineering Designs.
- iii. To assist Petrochemical and Petroleum Engineering Department students with industrial knowledge by conducting **workshops**.
- iv. To provide opportunities for Department of Petrochemical and Petroleum Engineering, The JCT College of Engineering and Technology students to undergo **In-Plant training** and to take up projects at ICDD institution.
- v. To provide consultancy works and **Placement training** to the college.
- vi. No hands-on software training will be provided at the college, for those students have to come to ICDD, Coimbatore.

(Hereinafter referred to as "**JCTCET**");

Hereinafter referred to individually as "**Party**" and collectively as "**Parties**"

### WHEREAS,

- PI focuses on providing job-oriented training programs in Piping engineering, specifically aimed at gaining employment in the Oil & Gas and Marine sectors.
- PI offers the Certificate Course in Piping Engineering which is a course approved by the National Council for Technology and Training (NACTET), India.
- JCTCET is an engineering and technology-oriented institute of higher education in India in Petroleum, Petrochemical and Mechanical engineering.
- JCTCET is engaged in conducting research and development in various technological and engineering areas with excellence and having highly trained personnel, research and development facilities.
- PI and JCTCET are interested in entering into an MoU, in the areas of knowledge sharing, placement assistance and skill development.
- The Parties are not competitors, but offer complementary services;
- The Parties recognise that combining their complementary services will strengthen their position and be beneficial to both Parties.

*[Handwritten signature]*  
30/11/22

**NOW THEREFORE** the Parties agree as follows:

### **1. Scope of Agreement**

The Parties enter into this MoU in order to secure their co-operation for Technical Education services including Certificate Courses, Seminars, Workshops, Internship, Mini Projects & Main Projects in Piping engineering.

This MoU constitutes an expression of the intent and reflects the preliminary understanding of the Parties relating to their possible cooperation on executing the services.

#### **Provisions made by PI during the course period at JCTCET premises**

- Course execution and examination.
- Training delivery as per the syllabus through classroom sessions.
- Providing necessary software to students as applicable.
- Arranging Industry experts for training sessions.

#### **Provisions made by JCTCET during the course period at JCTCET premises**

- During course at JCTCET, shall provide necessary infrastructure.
- Guest house facility for PI faculty on or near the campus.

### **2. Terms of MoU**

This MoU shall be in force from 1<sup>st</sup> January 2023 and shall remain valid for a period of 3 years or until both Parties terminate this MoU mutually, whichever is earlier.

- Training to be provided for Diploma/UG/PG students, as per the syllabus offered by PI.
- JCTCET shall collect fees from the students and arrange payment to PI.
- PI will not be responsible for student safety during course period
- The pricing provided in '4. Pricing Structure' is exclusive of any other expenses
- Any change in training schedule shall be informed with a 7-day prior notification.
- A minimum batch strength of 20 students required by PI to commence training for each batch.

Notwithstanding the above, either Party may also terminate this MoU with immediate effect if the other Party is in material breach of its obligations hereunder and has not remedied such material breach after having been given a reasonable period to remedy such breach.

### **3. Confidentiality**

All information exchanged between the Parties shall be treated as confidential and shall not be disclosed to a third party without the other party's written consent.

#### 4. Pricing Structure

Sno	Description	Price INR
1	Certificate Course – 120 hours	28,500/-

Prices mentioned above are per student basis valid up to 31st December 2023, this being an introductory offer from PI. Subsequent updates in course fees if any shall be agreed mutually as mentioned at paragraph 5 below.

#### 5. Amendments

This MoU may be modified or otherwise amended only by a written instrument executed jointly by the Parties.

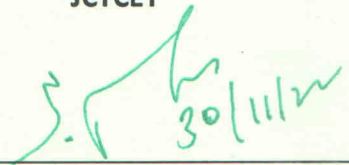

#### 6. Governing Law and Dispute Resolution

This MoU shall be governed by and construed in accordance with the Laws of India. Any and all disputes arising out of or in connection with the interpretation, performance, non-performance, validity, extension, modification or termination of this Agreement, shall be settled by arbitration conducted in accordance with the laws of India as in effect on the date thereof and the following procedure shall be followed in such arbitration.

The place of arbitration shall be Kozhikode, India. The arbitration shall be conducted in the English language.

IN WITNESS HEREOF, the Parties, by their duly authorised officers have executed this MoU as of the day and year first written above.
